19	Stroke Play-Flag Day (1 st & 2 nd)
26	9 Hole Scramble (2-person), Party!

Weekly Play Scoring

- Have one person use the Golf Genius app to enter the scores for each player on each hole.
- Have at least one person keep a back-up (paper) scorecard to record both score and putts for each player. (It's not a bad idea for each player to keep a record of their scores as well.)
- At the end of the round, use the paper scorecard(s) to verify the Golf Genius scorecard before submitting the Golf Genius scorecard.

Eclectic Sheets

- **Enter gross score** on your month and season cards weekly. Do not erase/cross out higher scores!

Games Descriptions and Golf Genius Information

BEST BALL: (4, 3, or 2 person teams). Play your own ball and as a team, select the best (lowest) gross and net scores for each hole. Enter your gross score in Golf Genius and it will calculate lowest gross and net scores.

CRIER'S CUP: Individual Stroke Play: Enter your gross score for each hole in Golf Genius and at the end of your round it will delete your 2 worst hole scores with the total adjusted, minus your full handicap.

EVEN HOLES: Individual Stroke Play: This entails totaling all your gross scores for all even number holes minus $\frac{1}{2}$ of your handicap. Enter your gross score for each hole and Golf Genius will calculate the rest.

FEWEST FAIRWAY SHOTS: Individual Stroke Play: In Golf Genius, enter your number of fairway shots (that is, your gross score minus drives (18) and number of putts)

FEWEST PUTTS: Individual Stroke Play: In Golf Genius just report your number of putts (but for posting your scores in the GHIN program, please keep a separate record of all your strokes).

FLAG DAY: Individual Stroke Play: A "flag" with your handicap plus the course par score of 72 will be provided to you the day of play. This is essentially a net score competition in which you plant your flag when you have reached the allotted number of strokes on your flag. Flags are planted where their last allotted shot finishes.

MUTT & JEFF: Individual Stroke Play: This entails totaling only par 3- and par 5-hole scores minus $\frac{1}{2}$ of your handicap. (Holes: 2, 3, 5, 6, 11, 12, 14, and 16). Enter your gross score for each hole and Golf Genius will calculate the rest.

ODD HOLES: Individual Stroke Play: This entails totaling your gross score for all odd numbered hole scores minus $\frac{1}{2}$ handicap. Enter your gross score for each hole and Golf Genius will calculate the rest.

SCRAMBLE: Team event. Each golfer tees off and the team selects the best shot. Each player then hits their ball from that location and the team selects the best shot from there, then each player hits from that location and continues the process until the ball is holed out.

SHAMBLE: Team event. Each golfer tees off and the best shot is selected. From that point on, each golfer plays their own ball until it is holed.

SKINS: Individual Stroke Play: Each hole is played and is won by the player with the lowest score on that hole. That golfer wins the "skin" for that hole. Enter your gross score for each hole and Golf Genius will calculate the rest.

STABLEFORD POINTS: Individual Stroke Play: 5 pts (Albatross (3-strokes under)), 4 pts (Eagle (2-strokes under)), 3 pts (Birdie (1 stroke under)), 2 pts (Par), 1 pt (Bogey), 0pts (\geq 2-strokes over). Enter your gross score for each hole and Golf Genius will calculate the rest.

THREE RING CIRCUS: (2-person teams). First 6-holes play Best Ball format, second 6-holes play Alternate Shot format, and last 6-holes play a Scramble. Enter your team's gross score and Golf Genius will calculate the rest.
